## **INSTITUTION IN ONE AREA DISTINCTIVE TO ITS VISION, PRIORITY AND THRUST**

Govt. Rajeev Lochan College always try to improve the self employment ability of the student. College management continuously work to trained student for its own employment and empowerment through organised skill development training, Experts lecture, extension activity, leadership and national development. maximum number of student comes to the college from the rural area and the Gariaband district fall on the tribal and economical weaker area Rajim is located in the

**Mission of Self employment;-** Our mission has firmly stood the test of time and the college has worked towards empowering and give chance to the self employment, in particular for national development. The college education aims towards capacity building for entrepreneurship, self generated work and quality of life. The college faculty and students have responsibly engaged with people and communities, fulfilling its role in making knowledge and information accessible to people. These experiences enrich education, confidence build up and expand the knowledge across its community and groups. The students receive the benefits of knowledge from different kind of activities even in the undergraduate classes.

**Approach toward the self employment-** College Organised 7 day national workshop on the Mushroom cultivation and productio. In the these workshop the trainers, experts and the scientist comes from the agriculture university Raipur and local mushroom production entrepreneur. The advantage of these workshop is to learn how can produce mushroom in our home and agricultural land. Some of the local community and person also take advantage of these workshop. many student prepare the mushroom in its own interest and help to their village farmers. Apart from these college organise lectures of **Methodes of farming without chemical** on 10/11/2016 around 67 student take advantage from these lecture. On the 16/11/2017 college organised training program on **new technical methods of the agriculture** which is also beneficiary for the rural area student for the empowerment of self employment.

**Professional Education-** In order to encourage the self employment attitudes of the student college organised jewelrery making classes on the 08/09/2018. specially girls taking advantage on the classes. In context of professional education college make the programme on the interview facing skill.

The education in the college aims towards developing creative and critical thinking, nurturing innovation and excellence. College sees its students building capacity to acquire global skills for entrepreneurship, professional proficiency and improved quality of life. The college has received positive response in several areas. The knowledge, innovations, tenets and thrusts provided by the college over the years which have very helpful and motivated of the rural area student.

Carrier counseling cell has been developed in the college for guidance of carrier and employment issues of students. Experts from various fields are called regularly for their guidance. Other than this, students have been provided computer training under the "Kaushal Unnayan Yojna" scheme of state government.
